14	Obligations of prospective Policyholder / Customer	The Policy shall be void and all premium paid hereon shall be forfeited to the Insurer, in the event of misrepresentation, misdescription or non disclosure of any material fact by the policyholder pertaining to the proposal form, written declarations or any other communication exchanged for the sake of obtaining the insurance policy by the Insured. Disclosure of other material information during the policy period: 1. Change in insured name 2. Change in the vehicle details i.e make, model, cc, extra fitments, engine & chassis no, class of vehicle. In fact all (In fact, all relevant details are in the RC book/card and a copy of same may be handed over) Tax paid details; Certificate of fitness, license validity etc. 3. Previous policy details (ie. Disclosure of NCB, previous claim details)	
15	Criteria for arriving at IDV & Illustration	The idv calculation is done on below criteria Insured Declared Value (IDV) = (Company's exshowroom price - the depreciation value) + (Cost of car accessories - the depreciation value of these parts) Let us understand how the depreciation rates are used to calculate your car's IDV with the help of the following example. Suppose, you're buying a car for 1000000. The moment you drive it out of the showroom, its IDV starts decreasing. The depreciation rate for the first six months is 5%. That means the IDV of your car for the first six months is 950000. Similarly, the IDV of your car after six months of buying will be 850000, and it'll remain the same till twelve months or one year from the purchasing date. And if your car's age is between four and five years, its IDV will be half of its price.	

16	Criteria for considering vehicle as Total loss/Constructive Total loss	In the event of an accident leading to total loss or constructive total loss settlement of claim will be based on what is mentioned in the policy schedule and / or agreed by policyholder either 75% or 60% based on geography and model.
